Venezuela – Curriculum design of the Bolivarian educational system.

http://www.oei.es/quipu/venezuela/dl_908_69.pdf

The Bolivarian education system (SEB) is an essential element for building the model of the new Republic; insofar as it consists of an organic whole of plans, policies, programmes and projects structured and integrated with one another, according to the stages of human development, which aims at ensuring the social character of education to the whole Venezuelan population from the stewardship of the Venezuelan State, exercised through the Ministry of People's Power for Education (MPPE), in the following subsystems: Bolivarian Early Childhood Education (Maternal and Preschool levels); Bolivarian Primary Education (from 1 to 6 grade); Bolivarian Secondary Education in their two alternatives of study (Liceo Bolivariano from 1 to 5 year; and Robinsoniana and Zamorana Technical School, from 1 to 6 year); Special Education, Intercultural Education, and Youth and Adults Education (including the Robinson Mission 1 and 2 and the Ribas Mission).

Index

Prologue

As a Presentation

1 - Pillars of Bolivarian Education

2 - Bolivarian Educational System

   2.1 - Characteristics
   2.2 - Subsystems
      2.2.1 - Bolivarian Early Childhood Education
      2.2.2 - Bolivarian Primary Education
      2.2.3 - Bolivarian Secondary Education
      2.2.4 - Special Education
      2.2.5 - Intercultural Education
      2.2.6 - Youth and Adults Education

3 - Bolivarian National Curriculum

   3.1 - Evolution of the curriculum design
   3.2 - Structure

      3.2.1 - Theoretical Orientations
