"To improve learning for all children, teachers need the support of innovative and inclusive curriculum and assessment strategies that can reduce disparities in school achievement and offer all children and young people the opportunity to acquire vital transferable skills”.

UNESCO EFA Global Monitoring Report 2013/4

The IBE has compiled this list of resources on educational assessment to assist curriculum developers, researchers and practitioners. The first section focuses on assessment for learning, followed by assessment of learning. Other sections include, guides and tools, and reports and studies. The Links section provides the URLs for programmes such as: PISA, TIMSS, etc. where their numerous papers and reports may be consulted.

Most of the publications and documents are freely accessible online. Articles in publications such as the UNESCO-IBE journal, Prospects: Quarterly review of comparative education and other commercial publications are mostly accessible through services such as ProQuest and JSTOR. Direct access to the materials is indicated by the symbol: @
